INTRODUCTION

Each fall, the schools of Washington State submit to the Superintendent of Public Instruction, a School Enrollment Report (Form P-105) on which is recorded the number of pupils enrolled in each grade and the number of pupils who are members of specified racial/ethnic categories.

The racial/ethnic categories and definitions used are those provided by the U.S. Department of Health, Education, and Welfare, as follows:

BLACK - Not of Hispanic Origin
A person having origins in any of the black racial groups.

ASIAN or Pacific Islander
A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, the Phillipine Islands, and Samoa.

AMERICAN INDIAN or Alaskan Native
A person having origins in any of the original peoples of North America, and who maintain cultural identification through tribal affiliation or community recognition.

HISPANIC
A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish Culture or origin, regardless of race.

District, County, and State enrollment totals in this report are accumulations of school enrollments as reported on Form P-105 for October, 1980. Due to reporting discrepancies, these figures do not always agree with those reported on Form P-223, Monthly Report of School District Enrollment.
